Attorney Docket No.: 915-006.072

Dear Ms. Moran,

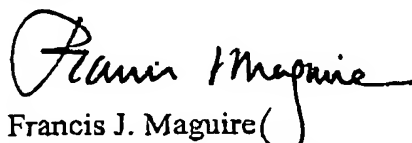

Regarding the Office Action of June 6, 2008, the Examiner is maintaining that the pending claims are claims 1-25 instead of the claims 1-23 annexed to the IPRP. It is believed that the applicant followed the proper procedure in presenting the preliminary amendment upon entering the U.S. National Stage of preliminarily amending the claims 1-23 that appeared in the five-page annex of the IPRP.

Applicant's representative has spoken on the telephone to the Examiner about this but the Examining group is maintaining that the claims presented for examination are claims 1-25, not claims 1-23. It is requested that the PCT Legal Group confer with the Examination Group and address this situation so that the objection to the numbering of the claims is withdrawn and that the Examining group recognize that the claim numbering upon entering the U.S. National Stage was claims 1-23, not claims 1-25.

Respectfully Submitted,
